

REMARKS

Claim 1 was presented for examination.

Claim 1 was rejected. Applicants are hereby canceling claim 1. The rejections of claim 1 are moot in light of this cancellation.

In this amendment, Applicants are also adding new claims 2-68 directed to subject matter which is described and illustrated in the specification and drawings, and to which Applicants believe they are entitled. No new matter is added.

Applicants are also amending paragraph [0001] to include the patent number and filing date for the referenced patent.

Applicants believe that the application is in condition for allowance of all pending claims herein, claims 2-68, and therefore an early Notice of Allowance is respectfully requested. If the Examiner believes that for any reason direct contact with Applicants' attorney would help advance the prosecution of this case to finality, the Examiner is invited to telephone the undersigned at the number given below.

Respectfully submitted,

MICHAEL E. ORSHANSKY et al.
